1:00 pm – 4:00 pm > Afternoon session

Description

Fast Track Two is a continuation of training to hear God's voice. If you took Fast Track One, you will not want to miss the continuing spiritual education available to you! This class will engage each student at a greater depth in the gifts, especially in the prophetic ministry.

Again, students receive hands-on mentoring, activation and impartation. Students are empowered to hear God's voice even clearer and, at the same time, overcome fears, intimidation and feeling "blocked" concerning being released into greater levels of ministry. This class will launch you to another level.

** The completion of fast tracks one, two, and three, along with the completion of all homework assignments, will qualify you to be placed on a prophetic team if desired.
